## TECHNICAL DATA SHEET

### Fleetline Slideway Oils

#### PRODUCT DESCRIPTION

Slideway Oil is a range product designed for use on the slides and ways of metalworking machines. It contains additives to help prevent stick/slip as well as those to ensure that the product stays in place on the slides and ways.

#### BENEFITS

- Adheres to guides and slides
- Prevents stick/slip

#### APPLICATION

- Slideway Oil may be used on any metalworking machine that has slides and ways that require a lubricant.
- It helps prevent stick/slip from happening, thus assisting in the productions of good surface finishing.
- The tackiness of Slideway Oil ensures that it does not drip off and the ISO 220 grade can be applied to vertical slides and ways.
